COMP.3250: Data Analytics I
Group Project: Software Application – D.4. Final Report

Overview

Please find below details about the fourth deliverable the project, "D.4. Final Report".

Deliverable D.4 – Final Report

General

An MS Word document that represents a written report of your effort.

This document should use 12-point Times New Roman font and be a maximum of ten (10) 8.5" x 11" single-spaced pages with 1" margins. Note that this limit does not include appendices or references.

Indicative appendices should include:

1. User Requirements Document.
2. Analysis and Design document (Physical and Logical Architecture, Database Schema, GUI wireframes, etc.).
3. Brief user guide, etc.

Deliverable Details

This will be the final report of the project. An indicative structure is as follows:

- Abstract.
- Project scope – Problem Description.
- Team involvement and project organization.
- Project design and development.
- Findings and future work.
- References.
- Addendums (the documentation of the previous deliverables).
  This includes:
  - User Requirements and Analysis Document (3 pages minimum).
  - Design document (3 pages minimum).
  - Deployment document (2 pages minimum).
  - User Guide (2 pages minimum).
    <u>Note</u>:
    The documents above are simpler when using tools like Power BI and Tableau. If this is the case, most of the documentation described above can be included in the delivered application (separate pages, or Tabs).

Final Report format:

- An MS Word document (or .pdf) that represents a written report of your effort.
- This document should use 12-point Times New Roman font and be a maximum of ten (10) 8.5” x 11” single-spaced pages with 1” margins.
- Note that this limit does not include appendices or references.

Project Deadlines

The following table presents the project deadlines:

Date	Task
Friday, February 13th	*D.1. Project Proposal (document)*
Sunday, March 1st	*D.2. Project Certificates (pdf files)*
Monday, March 29th	*D.3. Final application code*
Monday, March 29th	**D.4. Final project report**
Monday, March 29th	*D.5. Project digital presentation*

Project Deliverable Format

Group submissions (only one needed), must include the following components:

- The Final Report:
  - The main file (.docx od .pdf).
  - The addendums (preferably included in the man file).
    Make sure all items described in *Deliverable Details* are included.

Deliverable Submission

- Deliverables must be submitted electronically to the designated Brightspace assignment folder. You will receive a grade of zero for this assignment if you fail to submit via the Brightspace dropbox created for this purpose.
- Only one submission is required from each group.
- Each group member is expected to have contributed equitably to the completion of this assignment.
- Grades assigned to individual group members may be adjusted to reflect the actual evaluation of their performance, following a peer review by the graders.

Grading Rubric

The following table presents the grading Rubric for the current deliverable[1]:

Item	Grade (%)
Have the structure described in *Deliverable Details*.	5%
Sufficient analysis and detail: - Abstract - Project scope – Problem Description - Team involvement and project organization - Project design and development - Findings and future work - References	10%
Include all the Addendums: - UR and Analysis Document - Design Document - Deployment document - User Guide	10%
D.4. Total	**25%**[2]

[1] Please note that incomplete submissions will not be graded. Also, in preparing your submission files you must abide by University of Windsor policies governing plagiarism and academic integrity. Submissions may be subjected to review by automated tools to verify their originality.

[2] This percentage refers to the specific group project deliverable only.
